PACIFISTS ASK HEARING.
Desire to Present Anti-Militarist Views at White House.

President Wilson has been requested to grant a hearing to members of the anti-preparedness committee, which prefers to be known by its new name, the American Union Against Militarism. It is announced, Rabbi Stephen E. Wise, Amos Pinchot and Dr. John Hayes Holmes of New York city; Rev. A. A. Herle of Cambridge, Mass., and Herbert S. Bigelow of Cincinnati are speakers on a recent tour of the country who desire to lay before the President the results of their trip.

"We believe that Mr. Wilson has been misled by the apparent unanimity of the peace on the subject of 'preparedness,'" said Charles T. Hellman, editorial director of the committee, "and that some of the things which we learned on our trip may be of value to him. We are the only people east of the Alleghenies who were not staggered by the Ford vote. We have other data which we think a man of Mr. Wilson's open mind would be glad to get."

HUNDREDS OF CITIES IN CLEAN-UP CAMPAIGN

Success of Movement in Washington Induces Other Communities to Adopt Program.

So successful has been the "clean-up-point-up" campaign in the National Capital that hundreds of cities throughout the country are adopting the measures employed here in the organization of similar crusades throughout the country.

A. H. McGowan, chairman of the local committee, has had to employ several clerks to answer the hundreds of letters he has received requesting information regarding the conduct of the campaign in Washington. He has sent out many copies of The Evening Star to show the good results obtained through co-operative publicity.

Commendation of Example.

Among the letters received only today was one of appreciation from J. C. Skemp, general secretary-treasurer of the Brotherhood of Painters and Decorators at Lafayette, Ind. He wrote in highly commendatory terms of the fine spirit of co-operation shown and the far-reaching results.

Mr. McGowan was enthusiastic today over the way that the citizens of Washington have taken up the "clean-up" part of the campaign. He said this was especially gratifying to the committee, since the weather had so seriously interfered with the "paint-up" activities. He said that the civic improvement spirit manifested was typical of the Capital city and is an inspiring example for the entire country.

It Is to Laugh.

From Judge.

"Human nature is a strange thing," says the man with the aptitude for uttering platitudes. "Now the things that amuse me do not amuse you at all."

"Quite true," replies his friend. "But there are compensations. Now it amuses me to see that you are amused by the things that amuse you."

500 CREDITORS ATTEND HEARING IN BANKRUPTCY

Purpose Is to Select Trustee for Assets of Furnishing Company.

Nearly 500 women and men, who had contracts with the Home Reliable Furnishing Company of 918 New York avenue northwest, today besieged the office of Ralph D. Quinter, referee in bankruptcy, where the first meeting of the creditors was scheduled to be held.

The crowd was so large that Mr. Quinter adjourned the meeting to the courthouse, where every available inch of space in Criminal Division No. 2 was occupied by creditors.

The object of the meeting was the selection of a trustee to collect the assets and to distribute them as far as possible among the creditors. It was also announced that the officials of the concern would appear for examination. Many of the women were inquiring diligently for the officers, but they did not put in an appearance. Mr. Quinter appointed Walter C. English as trustee and fixed his bond at \$2,000.

The next meeting of creditors is set for May 6 at Mr. Quinter's office.

Creditors in Many States.

Creditors who have already filed claims reside not only in Washington, but in several neighboring states. They

came from Carlisle, Chambersburg, Shippensburg and Concord, Pa.; Charles Town and Martinsburg, W. Va.; Ballston and Winchester, Va.; from Annapolis, Brunswick, Frederick and Laurel, Md., and from Spencer, N. C.

Referee Quinter explained to the excited women present that it is necessary to file formal proof of claims under the bankruptcy law. He told them to obtain the printed forms and have them filled out before a notary public and then bring them to his office.

STRIKERS CHARTER STEAMER.

Make Effort to Cut Washington-Virginia Road's Business.

A determined effort is to be made by the members of Division No. 699 of the Amalgamated Association of Street and Electric Railway Employees of America to win the fight it is making against the Washington-Virginia Railway Company, which operates lines from this city to Alexandria, Mount Vernon and other points in Virginia.

The committee of the strikers has chartered the steamer Volunteer to make a round trip daily between Alexandria and this city for the purpose of drawing the navy yard employees away from the Alexandria line, and the steamer will begin making her trips Monday.

It is stated the union men employed in the navy yard are thoroughly in sympathy with the former employees of the electric railway and will patronize the boat, which will leave Alexandria and this city at 10 o'clock in the morning. Residents of Alexandria are being urged to aid the strikers by patronizing the steam road between the city and Alexandria in order to cut into the business of the electric line as far as possible.

So far the strikers have been able to make but little impression on the business of the Alexandria division of the Washington-Virginia line, the employees of the division having stuck to the company almost to a man. The striking employees came from the Falls Church division.

REPAIRS TO RIVER CRAFT.

Cruiser Spirit Mist Being Put in Condition for Summer Cruise.

L. E. Smoot has his cruiser Spirit Mist at Regan's for cleaning and painting and for such other work as may be necessary to put her in good trim for service on the river. Mr. Smoot uses the Spirit Mist to run between this city and his summer home in Maryland, on the hills above Glynn.

The handsome power launch Dux.

Something entirely different in a Real Colonial Home. An inspection of the exterior and interior will prove the above statement. If you have been looking for something real classy (away from the stereotyped style of architecture and building), take a look at these. There are only two. Three-story appearance, two-story house, nine rooms, two baths; lot 25 by 142 to public alley. Nos. 1784-86 Lanier Place (one square from 18th Street and Columbia Road). Price, \$9,750. Terms arranged. Open for inspection daily.
